Acts 4:29,30 "And now, Lord, take note of their threats, and grant that Your bond-servants may speak Your word with all confidence, while You extend Your hand to heal, and signs and wonders take place through the name of Your holy servant Jesus."

"For the Son of Man came to seek and to save that which was lost."

NIGER UPDATE AND PRAYER NEEDS

Musa's last forward element, pre-mission report was very interesting. It reads like a book and I will start the report as they left Agadez (mid-Niger), to go to Arlit, near our original destination:

".....we left Agadez very early and headed for Arlit. The road to Arlit is similar to that of Zinder (crummy). We had no problem while coming until we arrived at the gate to Arlit at the immigration control post. We were stopped to identify ourselves. Pastor Abubakar presented the introductory letter to them. We were then asked to produce our passports but unfortunately Emma had a problem, because his passport was not stamped at the border at Banki (Cameroon), at that time (it) was closed and neither has he obtained visa from the Niger embassy in Cameroon (whoops).

So he presented his LBNF identity. He was then questioned on how he managed to enter without a passport (something he has become good at I have to say). We were finally disallowed from entering when they saw that our destination was Assamaka. We then asked Abubakar to speak to the Pastor in Arlit and inform him of the development. Shortly afterwards, a police van was brought and we were driven to the police station.

(We were in communication with the team during this ordeal from 0400 to 11:30am. They were told to report back to the police when the chief arrived at 3pm. They remained under house arrest until that time)....We reported at the police station as demanded at 3pm. (After) one hour the DPO came in ...and we were escorted to his office. The man was very friendly, but when he realized our mission (was to) Assamaka, he said that Assamaka was under emergency. They don't allow people to go to that area. It is a dangerous zone, the only people you can see there are the security men with some few individual traders who came only to sell some goods.He also said there were no villages or people living along that road. (Just) sandy hills, no animals, no water nothing at all living there. He advised strictly that we should not think of going to Assamaka. Then he re-

leased our passport and other document and we were released to go."

Musa reported to me the next day (the day they would have been in Assamaka), there were people shot and killed by security forces.

We took this informative interaction to be the will of the Holy Spirit for us to end our journey in Arlit. I want to thank all of you who have given and prayed, and thank in advance those of you who have pledged to give but have not yet had the opportunity to follow up. We have \$25,000 of the \$33,000 we need for this 11 man expedition/crusade to the Arab, Tamasheq and Hausa people of the area. There is no fat in our budget. Come sometime and see for yourself.

Please pray:

1. That the Ministry of Health will give us the letter of authorization.
2. God will open doors and hearts, give us fruit and perform miracles. Acts 4:29,30.
3. Traveling grace, no fees or tariffs.
4. Smooth travels across borders, checkpoints, etc.
5. Safety.
6. Provision. It is expensive there. Any deficit falls to the Timm's.
7. Team unity.

Thank you all and especially to David Mohon, and Doug Messer who have answered the call to come with me and see the glory of God first hand.
