2Ki 19:30

And the remnant that has survived of the house of Judah shall again take root downward and bear fruit upward.

**“For the Son of Man came to seek and to save that which was lost.”**

## BEARING FRUIT IN EVERY GOOD WORK

There is so much going on and so many demands on the ministry I had to sit down with P today and try to comprehend what to do now and where to appropriate the limited resources.

Today we committed \$9,000 to purchase a much used 4x4 vehicle, sending M and his driver from Northern Nigeria to Lagos (extreme South). They will meet Dr. P who will lead them to available vehicles in that price range.

Ironically, E called me today to tell me his wife delivered a healthy baby girl in their home. Pastor P from our first church in Zigage was there, but not for support. The tin roof has blown off the church again. They called me basically to share the need and consider our options. I told them the money has “become small” because of our goal to purchase the vehicle. The vehicle will allow the indigenous evangelists of LBNF the opportunity to go deeper into the unreached villages of the Sahara desert.

Pastor P is planning an evangelical crusade next month in a nearby Fulfulde village in Cameroon (unreached muslim village). LBNF will sponsor the outreach and they will use equipment we left previously. He is feeling the pressure as well with the roof off the church and the rainy season in progress. We could lose the entire structure. As I spoke with him I asked him to pray and trust God for his provision. He said in broken English, “I know that God is my provision”.

When E is not assisting his wife with their baby, he will go to Zigage with P to assess the damage and the cost of providing a better “fix”.

In the meantime Pastor I of Tahoua, Niger is purchasing land in Bagga with money donated by LBNF where

we intend to build a home for the pastor committed to ministering there this month! Eventually we will build a church when the congregation outgrows the “parsonage”.

Pastor A in Agadez just returned with E and M from a follow-up trip to Arlit and Agadez villages where we broke through last March. Seems so long ago. The chief I led to the Lord in Arlit still loves Jesus and is growing

in his faith. He said to M, “you know that doctor told a woman that if she would just receive Jesus as Lord, He would heal her daughter of (deafness). Then he prayed for her and she could hear and in fact is still hearing. Some water came to his eyes.” The Lord is still getting the glory.

In a village near Agadez, the old man who received his hearing is wearing the cross D gave him and still giving testimony. They were

met by over twenty people who wanted to grow in their faith. One woman who had brought her dying 2 month old to me, had no hope apart from Jesus. I told her the same thing I told the other woman, she received the Lord and I prayed for the daughter. M and E now say, the baby is thriving!

“The only problem the people have now,” said M, “is that they are starving”. So we sent some money and they bought 160 pounds of rice to bring some relief to this very small village. I told them by faith that the bag would not run dry until the rains have come, and come they will. They must. He must send them. And folks, you must continue to help us. Please. Going to the unknown, to make Him Known. **Because they all are not yet free,** your missionary to the unreached muslims in the 10/40 window, J. LBNF PO Box 50292, Amarillo, Tx. 79159, 806-433-7693.

Deaf man healed and listening to the Word of God in Tamasheq.
