Jedidiah, President

**Michel,
African Director**

“For the Son of Man came to seek and to save that which was lost.”

KANURI CHURCH DOUBLES IN SIZE AS SATAN RAGES

God is active. “Michel” mentioned recently after the follow-up of the last crusade, “the other day a woman told me through E our interpreter, that ‘her children were at the verge of death, if it were not for the intervention of the free medical treatment given to them by the white man.’ Though she is not a member of the church yet, for fear of persecution by her husband.”

Just this week Michel spoke with Pastor P (the pastor of the Found People), from the Chad/Cameroon border. P mentioned that there was good news and bad news. The good news was the church had grown to 25 adults in less than two months. The bad news was satan blew away the temporary church structure during a storm. P was afraid the people would scatter and that the remaining muslims would disrespect the Lord.

Don’t you know that God frequently uses the enemy for His divine purposes. So, the stick church blew away. I knew we

Temporary church structure
(now gone)

had to act quickly to keep this new church from disbanding. Michel said a clay structure would cost about \$1,000. I knew it would cost at least \$1,500 to send and keep Mike to Cameroon to oversee the work (this is an absolute must in order to keep the people honest). I told Michel that our God would supply \$2,500 within 48 hours and be ready to leave soon thereafter. God provided it in 24 hours and I just sent Michel the money. He leaves on the 23rd of May to travel to Cameroon.

An additional blessing would be for him to have enough to start drilling the well for the people who have inadequate clean water supplies. It was one of only two requests made of us by the chief who has even promised to give us land for the church. Let’s make this church in that village a beacon of

light in the midst of the darkness in the region. When the muslims look at this village they will see what happens when a people turn from islam to serve the living God.

Michel discussed our intentions with the Prefect in the Waza region. He told us there was a drilling team in the area and all we would have to do is come up with the money. The estimated overall cost of re-drilling the well is \$13,000US. I feel such a peace about this, and believe the Lord has already brought in the money. Let your heart meditate on the benefits of providing clean drinking water to the first muslim, Kanuri

village to have a publicly accepted Christian church. Every person in the village, every village in the region would know that they are

blessed because of the, now, 25 adult believers who have stepped forward to identify themselves with Jesus and commit themselves to discipleship.

LBNF is a charitable organization and we have a designated special projects account for things like the well (current balance \$50). If this project is acceptable to you please address this Kingdom need.

Thank you. P.S. Jehu held

a crusade in Maiduguri using the equipment I left behind, 47 muslims came to Jesus and 4 people were miraculously healed. The plan of God is working. Please indicate on checks if the money is for the well otherwise it will be used for operating expenses which are growing with the ministry. Blessings to you all, I appreciate you and covet your prayers and gifts. Space does not permit me to tell you of other recent provisions, and the response we have had from our partners in Togo to the news we are returning to reach the muslims in Sept. **Jedidiah, LBNF, PO Box 50292, Amarillo, Tx. 79159.**
